

PRESS RELEASE

WOLFGANG KOLB BECOMES NEW CSO OF BMZ GERMANY GMBH

Karlstein am Main, Germany, April 13th, 2023 – BMZ Germany GmbH, Headquarters and German subsidiary of BMZ Group, a global specialist in lithium-ion batteries, is pleased to welcome Wolfgang Kolb as its new CSO.

Wolfgang Kolb will join the company effective April 17th, 2023, and assume overall responsibility for sales at BMZ Germany GmbH.

Wolfgang Kolb has gained almost 20 years of management experience in sales, amongst others in companies as Carthago Reisemobilbau GmbH, AL-KO Vehicle Technology Group and ROHR Spezialfahrzeuge GmbH belonging to the automotive sector. He thus brings to the BMZ Group in-depth industry expertise and an appropriate network within a market in which electrification is currently the driving force. Wolfgang Kolb comments: "I am very much looking forward to the new challenge in one of the most innovative, important and diverse industries of our time."

In this role, Wolfgang Kolb replaces the previous CSO Frank Baumann. Frank Baumann will ascend to the role of BMZ Holding GmbH's Group CSO and assume responsibility for the global sales apparatus within the rapidly growing group of companies. This step has become necessary as the BMZ Group has grown strongly in recent years not only on the international stage, but also as part of the expansion through company acquisitions along the vertical battery supply chain. By restructuring its management this way, the BMZ Group is going to be able to focus more intensively on synergy effects within the group.

Wolfgang Kolb

Frank Baumann

Further information on the BMZ Group is available at www.bmz-group.com.

PRESS RELEASE

About BMZ Group:

BMZ Group is a global player in the development and production of cross-industry lithium-ion system solutions. It offers the complete value chain from the cell and the battery to second life and disposal. In addition to supplying markets such as medical, power- & gardentools as well as industrial applications, the BMZ Group sees itself primarily as THE GREEN ENERGY SYSTEM PROVIDER. With the production of home and industrial storage units for photovoltaic systems as well as batteries for electric mobility, BMZ manufactures the heart of the necessary infrastructure for the energy and transport turnaround. In view of the impending climate change and its consequences, the BMZ Group is thus fulfilling its social, economic and ecological responsibility. The Group is headquartered in Germany and has additional production facilities in China, Poland and the USA, as well as subsidiaries in Japan, the UK and France. In addition, there are research and development sites worldwide. More than 2,300 employees work for the BMZ Group.
