

PRESS RELEASE

BMZ GROUP EXPANDS ITS PRESENCE AT BATTERY EXPERTS FORUM

Karlstein am Main, Germany, October 12th, 2023 – BMZ Group is pleased to announce its presence with no less than seven booths at this year's Battery Experts Forum from November 7th – 9th, 2023 in Darmstadt, Germany. In addition, CEO & Founder Sven Bauer will act as one of the six keynote speakers.

BMZ Germany GmbH will present the future of battery technology for diverse industries and applications at booth F04. At the directly adjacent booth F03, the BMZ E-Bike Store will demonstrate technology in motion directly at the end-use application example. The two BMZ booths will be flanked by the presences of BMZ subsidiaries Schütz Kunststofftechnik (booth F02) and mechanical engineering company APA (booth F05). While Schütz is known for manufacturing innovative and technically sophisticated plastic parts, such as cell holders for battery production, APA manufactures production machines according to customer requirements. The portfolio includes, for example, automatic screwdriving machines, automatic punching machines or laser welding machines and testing devices that are used in battery production, among other applications. At the nearby booth F07, BMZ subsidiary VISATRONIC will be demonstrating the state of the art with regard to the production of electronic flat modules, such as battery management systems. Furthermore, at booth D18, Batteryuniversity will provide information on test procedures for battery development. Besides the Corporation presents TerraE, its own brand of battery cells at booth F06.

Sven Bauer, CEO and Founder of BMZ Group is very pleased to kick off the second day of the conference on November 8th, 2023 from 09:05 am with his keynote on the topic of "World Market" lasting just under an hour.

The entire BMZ Group is massively expanding its presence at Europe's largest and most diverse networking platform for the global battery community, primarily due to the networking options of the conference exhibition with networking party, and is looking forward to the always intense and enriching professional discourse of the 18th edition of this highly established industry event.

Further information on the BMZ Group is available at www.bmz-group.com.

About BMZ Group:

BMZ Group is a global player in the development and production of cross-industry lithium-ion system solutions. It offers the complete value chain from the cell and the battery to second life and disposal. In addition to supplying markets such as medical, power- & gardentools as well as industrial applications, the BMZ Group sees itself primarily as THE GREEN ENERGY SYSTEM PROVIDER. With the production of home and industrial storage units for photovoltaic systems as well as batteries for electric mobility, BMZ manufactures the heart of the necessary infrastructure for the energy and transport turnaround. In view of the impending climate change and its consequences, the BMZ Group is thus fulfilling its social, economic
