

PRESS RELEASE

BMZ EXHIBITS AT BATTERY EXPERTS FORUM AND PROVIDES KEYNOTE SPEAKER

Karlstein am Main, Germany, June 24, 2022 – BMZ Germany GmbH is pleased to announce its participation as an exhibitor at the Battery Experts Forum from July 12 - 14, 2022 in Frankfurt. In addition, CEO & Founder Sven Bauer will act as one of the four keynote speakers.

BMZ Germany GmbH will present the future of battery technology for diverse industries and applications at booth C408.

Sven Bauer, CEO and Founder of BMZ Group is pleased to kick off the second day of the conference on July 13, 2022, starting at 9 a.m. granting in-depth insights towards the industry's "World Market" situation.

Furthermore, the BMZ E-Bike Store will provide test rides in the outdoor Mobility Action Area.

The conference of the 17th Battery Experts Forum (<https://www.battery-experts-forum.com/index.php/en/>) will take place from July 12 - 14, 2022 at the Messe Frankfurt conference center. The world-renowned specialist conference covering all aspects of the entire value chain in battery manufacturing will be accompanied by a corresponding trade fair. This will be held in Hall 6.0 and will also feature a Mobility Action Area outside the exhibition hall. The conference and trade fair have been attracting an international audience for years. Accordingly, the event language is English. At the same time as the Battery Experts Forum, Eurobike will also be taking place on the exhibition grounds. Visitors to the Eurobike can take a detour to the neighboring Battery Experts Forum, where they can gain insights into the battery technology of the popular e-bikes.

Further information on the BMZ Group is available at www.bmz-group.com.

About BMZ Group:

BMZ Group is a global player in the development and production of cross-industry lithium-ion system solutions. It offers the complete value chain from the cell and the battery to second life and disposal. In addition to supplying markets such as medical, power- & gardentools as well as industrial applications, the BMZ Group sees itself primarily as THE GREEN ENERGY SYSTEM PROVIDER. With the production of home and industrial storage units for photovoltaic systems as well as batteries for electric mobility, BMZ manufactures the heart of the necessary infrastructure for the energy and transport turnaround. In view of the impending climate change and its consequences, the BMZ Group is thus fulfilling its social, economic and ecological responsibility. The Group is headquartered in Germany and has additional production facilities in China, Poland and the USA, as well as subsidiaries in Japan, the UK and France. In addition, there are research and development sites worldwide. More than 1,800 employees work for the BMZ Group.
